You can find additional information about the Fund at <https://www.thornburg.com/download>. You can also request this information by contacting us at 1-800-847-0200. This report also describes changes to the Fund that occurred during the reporting period.

What were the Fund costs for the past year?

(based on a hypothetical \$10,000 investment)

Class Name	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Class A	\$100.00	0.94%

How did the Fund perform during the period and what affected its performance?

The Fund's Class A shares outperformed the benchmark composed of 60% MSCI All Country World Index and 40% Bloomberg Global Aggregate Bond Index (the "Blended Index") during the 12-month period ended September 30, 2025.

The Fund's security selection within equity securities contributed positively to performance relative to the Blended Index.

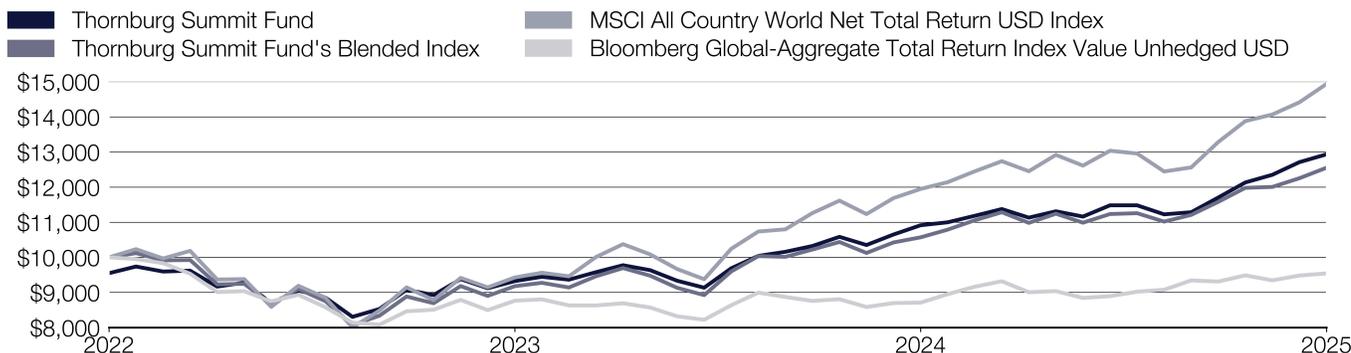

Within the Fund's equity holdings, selection effect from communication services, information technology, and financials sectors contributed positively to performance relative to the Blended Index. Security selection within energy and health care sectors hampered results relative to the Blended Index.

The Fund's selection effect within fixed income securities, especially within corporate bonds and securitized segments, contributed positively to performance relative to the Blended Index.

How did the Fund perform over the past 10 years?

The line graph below reflects a hypothetical \$10,000 investment and assumes the deduction of the maximum sales charge associated with that investment. The returns shown in the line graph and table assume the reinvestment of dividends and capital gains, but do not reflect the deduction of taxes that a shareholder would pay on distributions or the redemption of Fund shares. The performance information shown below represents past performance and is no guarantee of future results.
